GENERAL

GUIDELINES

TO

BATHROOM

ETIQUETTE

In an effort to help maintain bathroom hygiene and cleanliness, this pamphlet is provided as an outline of what is and is not permitted in the bathrooms including standards for the showers, toilets, and sinks. First and foremost, please clean up after yourself. Cleanliness is imperative in preventing illness, and responsible use of the bathrooms cannot be stressed enough. While some of this information may appear or sound like common knowledge, it is necessary for us to presume that sharing common space is often a new and different experience for many students. Please make an effort to respect your fellow residents and custodial staff by keeping the bathroom areas clean. Remember that you are not the only person to use the bathroom facilities. If you find any bathroom areas soiled, please contact the facilities manager at 495-0747 or GSAS Housing Services at 495-5060. Thank you.

GENERAL

- It is important that residents and guests use the appropriate gender-assigned bathroom.

- Please remember that all residents and guests are expected to be dressed appropriately and that walking around in only a towel is prohibited.

- Residents and guests must not smoke anywhere in the residence halls.

- Please remember not to leave personal items in the bathrooms.

- It is inappropriate to brush teeth in the kitchen sink.

- Clothes should be washed in the laundry room.

- All residents are responsible for making sure that their guests understand and follow all rules and guidelines for the GSAS residence halls.
