

Harvard Computer Society

People. Technology. Awesome.

Present:

Giant Robots, Circumvention, and the Digital Millennium Copyright Act

StorageTek v. CHE

September 25, 2008

6:30-7:45PM

Maxwell-Dworkin 119

Buffet Dinner Provided

Christian Hicks - Founder, Elysium Digital

Mr. Hicks first began his career in technology consulting for the legal industry in 1997 when he was retained by Princeton University Professor, Edward Felten, to help in his work for the Department of Justice's antitrust case against Microsoft. He will present the case, StorageTek v. CHE, which has important implications for the DMCA.
